The new normal has some familiar tools

The clicks have it — in the first six months of 2020, traffic to the Contractor Supply website grew a whopping 30 percent to an annualized rate of nearly 700,000 page views compared to the same period in 2019. When COVID-19 struck, we redoubled our efforts to provide news and product value to our distributor readers — and they like what we are doing.

As we step up to help our channel partners adapt to the “new normal” of doing business, we also see that time-tested communication tools still work — as they always have. Here at Contractor Supply, we remain constant in our drive to provide critical information and keep the lines of communication open between manufacturers, distributors and their contractor customers on the job sites. Life may be disrupted, but the supply channel must flow.

“Contractor Supply magazine helps keep me in tune with today’s trends in the market and leadership. Our team is always learning from our peers through the articles and advertisers. There’s always some nugget of gold to be gleaned.”

— Ed Stebbins, President, Northwest Contractors Supply, Casper, Wyoming

Contractor Supply's mission is to give distributors “Critical to Quality” tools and strategies that can help them improve their business operations and profitability.

Our cover stories present real-world examples of how distributors are meeting today’s critical issues by:

- Addressing competitive threats from local, regional and global entities — including COVID
- Forging long-term partnerships with customers and key suppliers
- Developing value-added services that create competitive advantage in their markets
- Building market share and long-term growth
- Adapting business systems to an online world
- Managing generational and succession challenges

**TOMORROW’S TRENDS TODAY**

In each issue, Industry Updates survey the latest products, technologies and trends across the construction industry. These updates bring Contractor Supply readers unprecedented access to and insights from the world’s top manufacturers. We know what’s coming next.

**“NEW” MANUFACTURERS ARE DISCOVERING OUR CHANNEL**

More manufacturers are discovering Contractor Supply every day as they seek to grow their distribution networks. As a result, our print magazine and website at www.ContractorSupplyMagazine.com is bringing these “new” manufacturers to our distributors readers like never before — and in the case of our website, often within minutes of receiving their news. Contractor Supply readers can search more than 6,000 pages of news and articles and more than 3,100 products online.

**A-LIST CREDIBILITY FOR YOUR AD**

Advertising in Contractor Supply and on www.ContractorSupplyMagazine.com positions your company among the industry’s premier brands and lends your products an instant credibility that only the industry’s best known, most respected team can deliver. Distributors know they can trust Contractor Supply and the products in it.

“I read every issue of Contractor Supply. I enjoy seeing who’s who in the construction supply industry and keeping up with what’s going on in our industry across the nation. Many of the articles and advertisements are very informative and benefit our business. Contractor Supply magazine keeps us in touch.”

— Jimmy Coe, Jr., President, Pensacola Hardware, Pensacola, Florida

**BULLS-EYE VALUE-ADDED SERVICES**

From high-impact print options such as inserts, feature article reprints, sponsored covers and bands to laser-focused electronic services such as surveys and email blasts, we will work with you to maximize the return on your media investment and cut through the cluttered market to reach the buyers who really matter.
WHO YOU GONNA CALL?

Distribution Rule Number One: People buy from people.

Rule Number Two: A million web hits are great for awareness, but who “you gonna call” when the time comes to buy?

Distributors stake their careers, livelihoods and reputations on the expertise and value they bring to professional contractors. At Contractor Supply, so do we. Across North America, distributors count on Contractor Supply for vital new product and business management information:

“I look forward to reading the articles in Contractor Supply and seeing new products and equipment. It’s a great resource since so much is packed into each issue.”

— Ryan Andrews, General Manager, Kinnunen Sales and Rental, Stillwater, Oklahoma

Suppliers count on Contractor Supply to present their products and services to the distributor market with the highest professional standards. Who you gonna call? Us.

A. SWOP STANDARDS APPLY  
(Specifications for Web Offset Publications)

B. PREFERRED MATERIALS  
Electronic file complete with layout, fonts and supporting graphics files in a hi-res PDF format.

C. PDF FILES  
PDF files are encouraged and should be created with the following specifications.
1. All fonts should be embedded.
2. No RGB or lab images should be used; make sure all images are 300 dpi CMYK.
3. Density of tones 300% or less. Densities higher have potential of blistering on press causing additional charges for down-time.  
4. A rich black color should be used to avoid a washed-out appearance whenever large lettering, graphics, boxes or backgrounds are to print as black (small text should remain 100% black to avoid registration issues on press). A rich black should also be used if the color overlaps any other graphic element to avoid ghosting of the overlap. Use values of 40C/40M/30Y/100K to create a rich black.  
5. Full page ads must be provided with 1/8" (0.125") bleeds on all 4 sides. Bleed size is 8.625" x 11.125" and the ad will be trimmed to 8.375" x 10.875".
6. Zip compression with down sampling set no less than 300 dpi.  
7. Color management set to “none”.  
8. The “press” preset in the standard Acrobat will usually create an acceptable PDF for both Macintosh or PC.  
9. After creating a PDF, view the file with “Overprint Preview” to verify actual output.

D. NATIVE FILES  
1. Macintosh and Windows-based files are usable. High resolution files placed by the customer must have all color corrections/alterations done prior to releasing the electronic file to Direct Business Media LLC.  
2. All images need to be saved in CMYK mode. EPS or TIFF files are preferred. Do not compress images using JPEG or LZW.  
3. Provide all supports related to the electronic file (i.e., entire font families, hi-res images and logos). Any third party extension (i.e., Pasteboard) must accompany electronic files. We cannot accept native Corel, Microsoft Publisher or PowerPoint files. These programs are not compatible with high-resolution output equipment. If you create files using one of these programs, please recreate in a program listed above, convert the file to a print-ready PDF.

E. DESIGN RECOMMENDATIONS  
1. Spread copy should be laid out to avoid reading matter or any important part of an illustration running into the gutter. Please do not break type on gutter.  
2. In preparing copy, restrict thin lines and small lettering to one color. Reproduce all reverse lettering with a minimum of colors. Avoid small letters with fine serifs when using reverse lettering.

TERMS  
Payment: net 30 days. Agencies and advertisers are jointly and severally liable. Discount of 15% applies for agency work if paid within 30 days. The publisher reserves the right to reject any advertising deemed inappropriate for the publication’s standards.
Our website will increase your company’s visibility whether visitors are viewing the site from their computer, their phone or a tablet. Choose from more ad options including Super Banners, Top Banners, Content Banners and Button ads.

Contractor Supply’s electronic advertising platforms reinforce your print message and give it the immediacy, speed and adaptability of the Internet. Our website at ContractorSupplyMagazine.com and our weekly email newsletter, CS Weekly, should be key components of your media strategy. We also offer custom email opportunities, our Contractor Supply Video Library and our CS V-Log blog and video newsletter.

ONLINE ADVERTISING HELPS YOU:
• Reach the supply chain’s critical decision makers
• Increase traffic to your own website
• Increase your brand awareness
• Increase your market share
• Reinforce your print advertising campaigns

In 2019, 12-month traffic at www.ContractorSupplyMagazine.com topped 519,000 page views and for 2020, they are on track to hit nearly 700,000. Decision makers in the construction distribution industry visit often for breaking industry news, analysis, articles on distribution management, sales, important industry links and more.

Subscribers to CS Weekly rely on us to keep them up to date on what’s happening in the industry, with news about company earnings, acquisitions, executive appointments and other important events. Newsletter button ads appear in the body of the newsletter itself. Click-thru ads appear on the pages of the stories included in the newsletter.

SPECIFICATIONS
File type: animated or static .JPG or .GIF
EXCEPTION: Animated ads will not work in some email systems, such as Outlook. Please submit only static ads for custom emails (e-blasts) and CS Weekly.

Resolution: 72 dpi
File size: Maximum size allowed 800 KB (the smaller the file size, the faster the ad will load)
Link: Please provide the URL where visitors will be redirected after they click on your ad
Flash: Flash is no longer recommended because major browsers are ending support of that technology. Instead, we accept animated GIF files as well as HTML5 content and animations.
